# Projects

**FreshCart E-commerce**
- FreshCart is a modern e-commerce web application built with React.js and styled using Tailwind CSS. It features product browsing, cart management, wishlist, user authentication, and responsive design. The project demonstrates strong use of React hooks, routing, form validation with Formik & Yup, and API integration with Axios.

- **Tech stack:** React, Tailwind CSS, Context, React Query, React Router , formik

**Visage Beauty**
- Visage Beauty is a modern, fully responsive website designed for a beauty brand. It showcases elegant UI components, smooth animations, and a user-friendly layout.

- **Tech stack:** HTML5 ,CSS3,Bootstrap 5 ,JavaScript (Vanilla) ,GSAP for animation

**Yummy - Resturant Landing Page**
- A fully responsive single-page web application inspired by YummyExam, built using HTML, CSS, Bootstrap , and JavaScript, jQuery

- **Tech stack:** HTML, CSS, Java script ,API , Bootstrap , jQuery

**Weather Web App**
- This is a weather forecasting web application that allows users to check current weather conditions and forecasts for a specific city or their geolocation. The app utilizes the WeatherAPI to fetch weather data and displays it in a visually appealing way, using cards with information such as temperature, humidity, wind speed, and weather condition.

- **Tech stack:** HTML, CSS, Java script, API ,Bootstrap
